---

## PROFESSIONAL SUMMARY:-

As an enthusiastic developer with a robust background in software development, I am actively seeking a challenging position within an IT company. I possess expertise in front-end development, as well as proficiency in Python, Java, React.js, C#, MySQL, Selenium automation, and website design. I am dedicated to delivering highquality code and thrive on collaborating with cross-functional teams to achieve success while staying at the forefront of technology trends in the IT industry

---

## Skills:-

Python	C#	Html	Selenium
Java	Javascript (ES6+)	Css	Mysql
PHP	ReactJs	Wordpress	Manual testing
GitHub	Git	AWS	Webpack

---

## EXPERIENCE :-

### Front-end Developer: TechEra

#### Key Contributions:

##### 1. Project Impact:

- Contributed significantly to the creation and enhancement of 8 dynamic web applications.
- Played a key role in the success of 7 projects aligned with the company's objectives.

##### 2. UI/UX Design:

- Translated designs into responsive interfaces with a focus on user-centric principles.
- Integrated user feedback for enhanced experiences.

##### 3. Front-end Technologies:

- Utilized HTML, CSS, and JavaScript for dynamic and engaging interfaces.
- Implemented [mention specific technologies or frameworks] for optimal interaction.

My TechEra internship showcased hands-on experience and a commitment to delivering high-quality front-end solutions in a dynamic development environment.

## **Web developer: Adviso**

Key contributions:

1. Full Stack Expertise:

- Proficiently managed both front-end and back-end development tasks, ensuring a comprehensive and seamless online experience for Adviso's audience.
- Leveraged a versatile tech stack encompassing HTML, CSS, and JavaScript to implement dynamic and interactive features on the website.

2. Content Management Mastery:

- Led content addition and updates with precision, maintaining a dynamic online platform that consistently reflected the latest information.
- Employed WordPress, a powerful content management system, to facilitate efficient content updates while adhering to Adviso's branding guidelines.

3. Responsive Design Implementation:

- Implemented responsive design principles using HTML, CSS, and JavaScript, ensuring optimal performance and a consistent user experience across various devices.
- Combined technical proficiency with design sensibilities to contribute to a visually appealing and user-friendly interface.

My tenure at Adviso was marked by a seamless integration of technical prowess and content management skills, resulting in an enriched digital presence for the company's website.

## **Education:-**

B.Tech

2023

Presidency University, Bangalore

Intermediate

2019

Bangur Nagar Junior College, Dandeli

High school

2017

Janata Vidyalaya, Dandeli

---

## **PROJECTS:-**

## Personal portfolio:

- I have meticulously crafted an impressive portfolio using HTML, CSS, and JavaScript to showcase my expertise and accomplishments. This portfolio reflects my versatility, creativity, and unwavering dedication
- Tech stack:- Html, Css, Javascript, ReactJs and Wordpress
- Link:- <https://darshannaik.netlify.com/>

## ChatBot:

- I've created a simple chatbot using Python with PyWhatKit and a text-to-search module that utilizes Google to search and provide results.
- You can type in a query, and it will fetch and display the results from Google. To exit the chatbot, simply type 'exit.' This basic chatbot can be further expanded and enhanced to suit your needs and improve the user experience
- Tech stack :- Python, PyWhatKit, and the Google search API
- Link:- <https://github.com/DarshanNaik547/Chatbot>

## Linear-regression-project:

- Enhancing Urban Mobility Through Advanced Bicycle Traffic Prediction Models for Smoother Commutes.
- Tech stack:- Utilizing Machine Learning and Data Analysis in Python
- Link:- <https://github.com/DarshanNaik547/Linear-regression-project.git>

---

## CERTIFICATIONS:-

- Front-End Web Development, Presidency University
- Web Developer, TechEra
- ReactJs, HackerRank
- Python Programming, DataCamp
- AI for Everyone, Coursera
- AWS, Coursera
